PROMOTE THE VOTE, PROTECT THE VOTE

Join the National Council of Jewish Women for Fall Event 2008: **Promote the Vote, Protect the Vote**, an evening to explore why every vote counts – and what you can do to get out the vote in the upcoming election for President as well as state and local leaders.

We'll also recognize NCJW's own transition of leadership, including installation of our new 2008-09 Board of Directors, as well as President Kim Greene.

The evening will include screening of the powerful film, *One Vote*, plus a rousing keynote presentation by **Arvonne Fraser**. Fraser is a senior fellow emerita of the Hubert H. Humphrey Institute of Public Affairs at the U of M and co-founder/director of the Institute's Center on Women and Public Policy.

Please join NCJW and Arvonne Fraser in taking action to get out the vote!
